This year was hard to schedule readings as 10 titles matched up to special days between Aug 30-Nov 11. I tried following the guidelines in the activities as best I could as well as regular calendar holidays. Some folks like to start with last year's winner (which I don't do but I don't figure that week in). Titles in BOLD are this year's nominees and other suggestions are previous WCCPBA nominated books that you may have in your collection. Kim Guyette
