*An announcement from WLA's Executive Director, Brianna Hoffman*

Dear WLA Members and Community,

My last day as your Executive Director will be this Friday, July 19th. I have thoroughly enjoyed serving as your Executive Director for the last 4.5 years and working with multiple WLA Boards, committees and leaders. Planning conferences, journeying through the pandemic, bringing ACRL-WA into WLA as the Academic Library Division, and WLA's transition from a 501c4 to a 501c3 organization are just a few of the things we have accomplished together.

Lesley Bourne has been appointed to serve as Interim Executive Director while WLA assesses the position. Lesley has been with WLA since August 2020 and knows the organization well. I am working closely with Lesley and the team to ensure a smooth transition. WLA is in very caring and capable hands.

Thank you for your support of WLA — and of me. WLA is a strong association because of our engaged members and member-leaders. I wholeheartedly believe in the power of professional development and feel that without professional associations, there is no profession. I look forward to engaging with WLA as a member in the future.

### Take action to [#FundLibraries](#) in Fiscal Year 2025 (FY25)!

With the [release](#) of the President's proposed FY25 budget and the launch of [Dear Appropriator](#) letters in Congress, the annual funding process has begun. Learn more about the campaign and spread the word with our tools and resources below:

[Did Your Members of Congress Sign On?](#) [Fact Sheets & Resources](#) [Share the Campaign](#)

Take Action!

Each year, as the kick-off of #FundLibraries, ALA's Public Policy and Advocacy Office works with congressional staff to produce and circulate "Dear Appropriator" letters in Congress, addressed to members of the House and Senate Appropriations Committees, requesting funding amounts for federal programs that support libraries. The Library Services and Technology Act (LSTA) funding supports libraries of all kinds through the Institute of Museum and Library Services (IMLS) and its grant programs, including direct-to-state grants. The Innovative Approaches to Literacy (IAL) funding supports school libraries

through the Department of Education. The circulation of these letters marks the first and most influential nationwide advocacy action on the federal budget in any given year. This year, the letters are being led by Senator Jack Reed (RI), Rep. Don Bacon (NE-2), Rep. Raul Grijalva (AZ-7), and Rep. Jim McGovern (MA-2).

We need your support: Take action and urge your members of Congress to sign on in support of library funding requests. In every community, in every state, in every part of this country, patrons rely on library services supported by this critical funding. [Take action](#) and help preserve and expand this funding and the services it supports!

### **AME created survey regarding AI and education**

Action for Media Education (AME), a Washington-based nonprofit with a 30+ history of promoting media literacy education, in collaboration with the Northwest Center for Media Literacy, UW, needs your help.

[AME is conducting a survey](#) regarding AI and education. They would like to learn more about teacher experience with AI this year so they can develop resources that would be useful for educators next year. This will help inform them about what types of engagement they can offer for the 2024-2025 school year.

Please take 5 minutes or less to tell them about your experience with AI in the classroom, as well as encourage your network to also fill out this survey. The more responses received, the better. Thank you!

### Applications for APALA Mentoring Program Now Open!

The [application](#) to participate in the [APALA \(Asian/Pacific American Librarians Association\) Mentoring Program](#) for 2024-2025 is now open. We are recruiting for protégés and mentors. Please share widely!

- Protégés are library students or librarians with no more than 5 years professional experience (early career protégés), or librarians with 5 or more years of professional experience (mid-career protégés).
- Mentors are APALA members with at least 5 years professional experience and are active in professional library associations. We generally have a higher need for mentors with archival and public library experience, so we especially encourage archivists and public librarians to apply.

The application will close **July 31, 2024**. The Mentoring Committee will match applicants in August and inform applicants of their status by mid August. The program runs from September 1, 2024 to June 30, 2025.

Note that in order to participate, mentors and protégés must be or agree to become APALA members prior to the start of the program. Learn more at <https://www.apalaweb.org/join-or-renew/>. Send questions to [mentoring@apalaweb.org](mailto:mentoring@apalaweb.org).

### Washington State Adult Summer Reading Book Bingo 2024 is here!

Libraries of Washington, please feel free to download, print, and distribute [these Book Bingo forms](#) to your community members!

We've seen some libraries in Washington do a drawing for prizes at the end of the summer; we've also heard from readers who are excited to bring back some of the fun of summer reading programs they enjoyed as kids – and that in itself is a prize.

This year's beautiful artwork was created by [Sabella Flagg](#). These cards were adapted from The Seattle Public Library's and Seattle Arts & Lectures bingo program, and this is the eighth year we've been able to provide a card for readers across Washington.

Send us pictures of your book bingo displays and we will post them via Washington State Library social media. Post your displays using the hashtag #BookBingoNW2024.

[Washington Reads Freely](#) is a months-long effort to celebrate the freedom to read. The effort encourages library patrons and the general public to share their stories of what reading freely means to them. The responses will be collected and shared during Banned Books Week in late September. (Sharing anonymously is an option for participants.)

Libraries of Washington, this toolkit will help you share the Washington Reads Freely campaign with your community members: online, in your libraries in person, or both!

Check out the [project website](#) for printable posters and bookmarks and a link to the online form for participants to fill out!

This project is supported by Washington State Library, Humanities Washington, the Washington Center for the Book, and the Institute of Museum and Library Services.

#### What is your favorite thing about volunteering for WLA?

It's the same answer that I give when I'm asked what my favorite part of working in libraries is --- it's the people! WLA is a community of professionals dedicated to providing exceptional service, and I'm constantly inspired by other WLA members. We all learn from and support each other. It's an excellent resource for staying focused and engaged in the work, especially during challenging times.

Conference Bulletin

Register for the ARSL 2024 Conference

The Association for Rural & Small Libraries Conference will be held **September 11-14 in Springfield, MA.**

#ARSL2024 is *the* conference for rural and small libraries. Our conference planners and presenters understand the constraints of shoestring budgets, small spaces, and limited staffing within small and rural libraries, as well as the unique opportunities for innovation and collaboration. Our conference is packed full of information you can take right back to your library—no scaling down required.

This year's conference theme is "Libraries are (r)Evolutionary." Our conference provides an opportunity to explore the transformative power of rural and small libraries in our communities. Like chrysalises of change, these libraries nurture revolutionary ideas and evolve to meet the ever-changing needs of our patrons. Let's embrace the (r)Evolutionary spirit of libraries and inspire each other.
