## Alki wants to hear from YOU!

### Call for Papers: *The Library is a Growing Organism*

#### **Alki's Spring issue submission window is open!**

Almost all librarians are familiar with the Five Rules of Library Science: Books are for use, every book its reader, every reader their book, save the reader time, and *The Library is a Growing Organism*. Let's start the year off talking about that last rule. Our libraries grow and change over time, whether due to changing patron bases, new technologies, or new needs in our communities. *Alki* wants to know all the ways in which your library is alive. Refer to the following ideas and questions as you write your article:

- How has your library grown or evolved?
- How have you grown your patron base? Tell us stories!
- How has working in a library helped you develop as a professional and as a person?
- How do you nourish, sustain, and tend to your organization as the cultures around and within it change?
- If you work in an institutional library, tell us how your library has provided fertile ground for personal growth in your patrons?

Creative pieces, art, and photos are always encouraged.

**Sign up for your spot today** by emailing your name, a working title of your proposed piece, your bio, and a headshot to [alkieditor@wla.org](mailto:alkieditor@wla.org).

Do you have an article ready? Email your submissions as a .doc, .docx, or Google Doc to [alkieditor@wla.org](mailto:alkieditor@wla.org) **before Tuesday, Feb. 6**. For inspiration, [check out past issues of Alki](#). Before submitting a piece, please visit [alki.pubpub.org/guidelines](http://alki.pubpub.org/guidelines) for submission requirements.

## The Learning Curve

### OCLC: "Libraries Foster Social Connection: Responding to the Epidemic of Loneliness and Isolation"

Thursday, Jan. 4 | 12:00 - 1:00 PM PT

Libraries can play a vital role in building social cohesion and promoting community resilience, especially in challenging times. The [Surgeon General's 2023 Advisory on Our Epidemic of Loneliness and Isolation](#) brings even greater urgency to the need for us to connect. This engaging session will explore ways to

intentionally design for social connection in library services and programs, from passive to hosted. These innovative and practical strategies can deepen engagement with staff, trustees, local officials, volunteers, and community members of all ages and backgrounds. Through the lens of "social connector," this webinar will explore how libraries can invite the community in with intention, build relationships that enhance social infrastructure, put community at the center of the library, and demonstrate the library's impact.

Strengthening social cohesion can be accomplished in ways that adapt to libraries of all sizes and budgets. Engagement strategies can support many facets of library work, from strategic planning and community assessment to programming and partnerships. The strategies are highly scalable – you can start small, build skills, and maintain flexibility.
